

Pneumatic ATEX Power Tool AM5000

Product information

The AM 5000 power tool is very effective alternatives to manual power. Moving heavy loads will go three times faster than manually operating the winch. The AM5000 power tool is powered by air and so it can be ATEX certified. The power tools are an alternative to the manual drive and are only used for short and non-frequent applications. The combination of a hand winch and these power tools are not an alternative to an electric winch.

- air motor is equipped with a filter and hose fitting
- painted air motor and zinc plated adapter system
- ATEX certified (EX)
