

Pulley Block Stainless Steel KB150-6500

Product information

The stainless steel pulley blocks from Gebuwin's product range are suitable for both hand and electric winches. The wheel and frame are made of stainless steel 316 and fitted with bearings. The pulley blocks are used to guide the cable to the location where the load has to be moved. A fine way to make moving your load easier.

- suitable for electric and manual winches
- pulley wheel made of stainless steel 316
- bracket made of stainless steel 316
- plain bearing

Options:

- ATEX suitable
